

NEC CLP Representative Nominations February 2020

Only candidates with enough nominations to qualify for the final ballot are included. That means nominations from at least 5 CLPs.

Three qualifying candidates have been suspended. One was reinstated and is back on the ballot but the other two have been removed from it. One person has nominations but isn't standing as a candidate.

Compiled from the Labour Party website and Labour List. (Where the numbers differ, those from Labour List are in brackets). Click the links for fuller information.
